ABOUT ME

I am a proactive and creative problem-solver, passionate about leveraging technology to develop efficient and innovative solutions. Currently completing my last year in Computer Science Technology-programming at LaSalle College looking for an internship, in which I can embrace new challenges, ask questions and expand my knowledge.

I also enjoy playing the piano, attending concerts, playing tennis, and hiking, as they provide both inspiration and balance in my life. These activities not only fuel my creativity but also serve as a refreshing escape, helping me stay motivated and focused in my work.
